Further measures and advice during your journey...

... your stay at the hotel:

In principle, you will be informed by the staff of the respective accommodation about special regulations on site. We would like to inform you in advance that the sauna, swimming pools and fitness areas may be closed or of limited use.

... your visit to the restaurant:

We strongly recommend that you **reserve a table in good time** so that you are sure to get a seat.

... the transfers and use of public transport :

During the transfer journeys and on public transport, mouth-to-nose protection is compulsory for all travellers (also for children over 6 years of age).

... other included services in your active trip:

It may happen that included services on your trip are not possible or only possible to a limited extent.

Important for boat and train trips:

Please inform yourself about current departure times, especially for boat and train trips.

Important for admissions and guided tours:

You may need to reserve a time slot or similar in advance. Please visit the website of the museum or attraction for this.

We wish you a wonderful, relaxing holiday and are here for you!
