PACKAGE HOLIDAY DRESDEN STEAM ENGINE FESTIVAL

Brief information on the tour

Fortunately, we can look forward to THE steam engine event par excellence: From April 12th to April 13th, 2025, as part of the popular Dresden Steam Engine Festival, you can visit Dresden and explore the baroque Florence on the Elbe and its picturesque surroundings under steam.

Experience with us the Dresden Steam Engine Festival 2025: Several steam locomotives have already announced their coming. Become a part of the festivities and enjoy the express steam locomotives on the railway turntable or during one of the numerous special steam train rides.

Your tour package includes one ticket for a special steam train ride. You can choose one of the special steam train rides.

During the 17th Dresden Steam Engine Festival, both the Railway Museum and the rail depot of the Dresden Transport Museum open their doors. In addition to those visits, more steam engine specialities in and around Dresden are waiting for you! How about a ride with a narrow-gauge railway or a boat trip on one of the historic paddle steamers on the river Elbe? This individual package tour to Dresden offers a wide range of special events, which are suitable for every age group!

Itinerary and services of the tour

Detailed tour description

11/04/2025: Individual arrival in Dresden Wether by train, bus or car: You travel to Dresden individually and on Friday afternoon discover the historic city center of Dresden, often affectionately known as "Florence on the Elbe" ("Elbflorenz"). Discover the splendor and charm of the Elbe city and follow the footsteps of the Saxon Elector August the Strong. Your tour package includes one ticket for a special steam train ride. You can choose one of the special steam train rides. Please note your wish in the request. *Overnight stay in Dresden*

12/04/2025: Dresden Steam Engine Festival The Steam Engine Festival opens its doors from 10 a.m. to 6 p.m. - so there is enough time to look around the festival site! With your admission ticket to the Dresden Steam Engine Festival, you are also free to visit the Dresden Transport Museum on this weekend. The museum displays unique exhibits on the history of all modes of transportation, such as railway, local transport, road and air traffic as well as shipping. In the morning and afternoon you can also "go on the rails" with a special train ride. You determine the daily program! *Overnight stay in Dresden*

13/04/2025: Individual departure On Sunday you can either visit the Steam Engine Festival once again or enjoy one of the various adventurous trips with special trains and steam engines in and around Dresden. You are welcome to extend your stay and spend a couple of additional nights in Dresden. Dresden and the surrounding area offer various fascinating day trips, for instance going on a narrow-gauge rail ride from Radebeul to Moritzburg or Radeburg with the Radebeul – Radeburg Railway (Lößnitzgrundbahn). In Moritzburg, we recommend you to visit the former hunting lodge of the Elector August the Strong. Equally interesting is a trip with the Weißeritz Valley Railway (Weißeritztalbahn) from Freital to Dippoldiswalde. Further you have the opportunity to go on a day excursion to the famous porcelain city of Meissen. The local porcelain factory was founded by the Saxon Elector August the Strong in 1710 and is still one of the world's leading porcelain factories today. The Meissen porcelain belongs to the internationally best-known luxury brands Germany has to offer. For those who also like to explore the region on foot, an excursion to Saxon Switzerland, which is only about 1 hours drive away, is a good

idea. Here you will experience a unique rocky landscape, wonderful panoramic views (e.g. from the famous Bastei bridge in Rathen) and the picturesque landscape of the Elbe valley. Of course, Dresden itself still has many attractions to offer, which may justify an extension of your stay. How about a visit to the famous Green Vault, the ascent to the historic Church of Our Lady or a trip on one of the historic paddle steamers on the Elbe?
