NORTHERN GERMANY BY STEAM

Brief information on the tour

On our group tour “Northern Germany by Steam” you get to enjoy the maritime atmosphere combined with exciting steam train rides! A guided tour of **Rostock on a historic** tram is a good prelude to your stay in Northern Germany. During a visit to the public harbour you get to know the special flair of this hanseatic city.

Of course we recommend a **steam train ride on “Molli”**. The railway takes you from Bad Doberan to Kühlungsborn and return. Don’t forget your camera to capture the extraordinary view during the ride!

Furthermore, you will visit the **National Park “Königsstuhl” on Rügen Island**. Worth a visit is the ancient beech forest almost untouched by humans’ hands which is an UNESCO World Heritage since 2011. On Rügen Island, another highlight is waiting for you: a public **steam train ride on narrow-gauge “Rasender Roland”**. On this route you pass the typical Baltic resorts with their spa-style architecture.

This group tour is characterised by its versatility and the historic narrow-gauge railways – explore Northern Germany on steam with us!
